THE WORLD FAMOUS BLUE RIBBON LIST

1961
of fine daffodils
from

THE DAFFODIL MART

George W. Heath Phone OZ 3-4812 Nuttall, Gloucester, Virginia

It is our pleasure to again present a number of varieties which we plan to dig this year. We raise around 1000 varieties and are, of course, in constant contact with growers abroad, so can quote and supply any not in this list, if you will let us know your requirements by July 1 (the latest bulbs can be dug).

The PRICES are PER BULB, and are for true to name, top-sized bulbs, unless otherwise stated (as in the Bushel lots, which are of blooming, but not necessarily top-sized bulbs). Many do not realize the great diversity in size of the Daffodil bulb, which ranges from that of a petit pois to the magnitude of an over-sized orange. As we have been in this business exclusively for over forty years, you may be assured that we know our bulbs and that we do not follow the general Seed and Chain stores' policy of inferior bulbs at reduced prices. We are very glad to quote DISCOUNTS on lots of 50 or more of a variety, as well as on GARDEN CLUB orders of \$50.00 or more. Due to the terrific increase in overhead, we regret we are no longer able to fill orders for less than \$5.00. Should you want only a few bulbs, you can always find a friend or two who will go in with you to bring the total up to \$5.00 - plus the .50 HANDLING CHARGE, (\$1.00 west of the Mississippi).

The BULBS are DELIVERED between SEPTEMBER 15 and NOVEMBER 1 - earlier delivery is impractical - later delivery inadvisable. We make every effort to ship our Northern orders first and do ask that you plant your bulbs IMMEDIATELY upon arrival, if unable to do so, open the bags and allow air to get to them. If you have any criticism or complaint, it must be made within 10 days after receipt of bulbs.

Varieties which are either new with us this year or that we have not listed for some time are noted by CAPITAL LETTERS. Our list is not padded with a lot of window-dressing, therefore many of the newer, high-priced beauties, which have as yet to prove their hardiness in our climate, shall not be found here. All we list, as well as hundreds more, may be seen growing either in our plantings this spring or in our DISPLAY GARDEN, open this year for the first time. We are greatly indebted to the following growers for their most generous contributions to this garden: Warnaar and Co., Grant E. Mitsch, W. J. Dunlop, Jefferson Brown, M. vanWaveren & Sons, J. Lionel Richardson and C. G. vanTubergen. We hope you will be able to visit us between March 15 and the end of April, or that you can see one or more of our many exhibits of blooms throughout the country. We plan to have a sizeable show at the Collegiate School in Richmond on April 12 and 13, at the Maryland Daffodil Society Show on April 19 and 20, MALCOLM'S HOUSE AND GARDEN STORE in Baltimore April 20 and 21, Washington Daffodil Society Show, April 15 and 16, a small exhibit at the Garden Club of Virginia Show in Chatham, April 7 and 8, as well as numerous others throughout the country.

For those interested solely in NATURALIZING, we highly recommend both our 1961 BUSHEL SPECIAL and our NATURALIZING MIXTURES (see page 4). Our NOVELTY and other mixtures, found on this same page, are world-famous. To those interested in spring-flowering bulbs other than Narcissi we shall gladly send prices upon request.

PLEASE ORDER NOW to insure full satisfaction.

For FALL DELIVERY - do not delay, as many newer varieties are sold out early, and we do not want to disappoint you.

EXPLANATION OF SYMBOLS

Our INFORMATIVE CLASSIFICATION (see page 2) is an effort to further clarify that of the ROYAL HORTICULTURAL SOCIETY OF LONDON. Following this carefully, we believe that those really interested can form an accurate picture of the bloom. For example: 2b-2 BELISANA.....40, is a large-cupped narcissus with a banded or orange-red cup and white petals, is priced at .40, and is new with us this year. The MINIATURES, DWARFS AND ROCK GARDEN varieties are designated by their height in inches. Many of these are wild forms, therefore belong in Divisions 10 and 11, however for easier descriptive identification we have indicated in parentheses their characteristics, for example: 10(5a) ANGELS TEARS.....3"15, is a wild form (10), with triandrus characteristics (5A), is 3 inches tall, and is priced at .15 each.

MIXTURES

Many gardeners not desiring to Exhibit blooms in Shows and consequently not interested in having the names find it most satisfactory and economical to buy our unexcelled MIXTURES. Incidentally, have known many to become so enthralled with those received that they have had them identified and have become avid EXHIBITORS after winning a few Blue Ribbons! the MIXTURES also make marvelous gifts for Housewarmings as well as Christmas, Birthday and Anniversary.

SPECIAL NOVELTY MIXTURE - All types, colors, sizes and shapes 100 bulbs for \$8.00
This unexcelled mixture is not to be confused with any other available, is made up mainly of varieties we have discarded each year to make room for newcomers, and contains all told, at least 500 truly distinctive Novelty types, therefore by the law of averages, you get at least 40 different varieties and are liable to get even more, per 100 bulbs. Planted in a cutting bed, they will give ample and diversified blooms for the home over a long period of time each spring. We sell a tremendous quantity of this Mixture each year and the resultant "Fan Mail" is extremely rewarding.

DAFFODILS ON PARADE AND BUSHEL BARGAINS, a small descriptive list, is published in July after digging and sorting our bulbs and includes those varieties dug, as well as a list of surplus stocks which we are able to offer at a great discount in BUSHEL lots, included too, are various Collections, a most comprehensive list of NATURALIZING varieties at reduced rates, as well as many other spring-flowering bulbs. This little catalog will be sent to all our regular customers, as well as to those who have requested our Spring List. If, however, you are in neither category, please write us and we will be happy to send you one.

If interested in BLOOMS or SPECIMEN EXHIBITS this spring, please write us immediately.

LABELS FOR DAFFODILS PLANTINGS

We have what we consider the IDEAL label. The 3-1/2 by 1 inch zinc name plate has four holes through which the two 12 inch aluminum legs are inserted. The name plate can never come loose and if names are written on with weatherproof pencil, they will remain legible for at least 2 years. Price per dozen, postpaid \$1.50 - per 100, \$8.00.
